Today, I am marrying intention with action!
Day 9

Today's gua is Helpful People & Travel.

I am very blessed and humbly grateful for the incredible Helpful People in my life. Today's discovery journey brings us to Helpful People & Travel. It is associated with the trigram Ch'ien that translates as Heaven.

In the Western Guide to Feng Shui, Terah Kathryn Collins writes, "As the most yang, or active, of all the trigrams, Heaven has the qualities of power, synchronicity, inspiration, and confidence. Ch'ien reminds us that our lives are shaped by our actions. Right actions come out of the harmonious blending and usage of our intuition and intellect. We know we're on the right track when we experience people as "angels" and places as "paradises." When orchestrated by synchronicity, people and places give us inspiration and guidance, leaves benevolent marks upon our life's path, and help us to manifest our destiny." "Touched by the Heavenly experience of synchronicity, we suddenly find ourselves standing in the right place at the right time or meeting the right person at just the right moment."

Helpful people, both physical and non-physical, are everywhere and come in many shapes, sizes, and forms. I believe balance is especially evident in this gua. It is a balance between the seen and the unseen, the physical and the non-physical. A balance between what you "think" and "feel." It is a connection with a Higher Power. Travel is our movement through life as well as travel throughout land and space.

My intention in this gua is to match my intuition and intellect living the balance and strength of them together. It is to be in deep gratitude for the assistance and support I receive

on all levels. I live this intention by being thankful for the seen and unseen, the inner and the outer, and listening to the voice of my truth.

Who are the helpful people who help you travel through your life?

Ask your questions:

What is my intention?

How do I live my intention?

This completes our journey through the Bagua of life. We have looked into the corners and under the rug. I know I have a deeper respect and understanding of who I am and how I got to this place in time. I have clear guidance as to where I am taking action.

I feel so blessed to have had each of you to walk with as I embarked on this journey. My path has been richer for it. I hope that you have found it useful and empowering in whatever way you needed.

It would be wonderful for me to know if you found the experience helpful. On Monday, I will send out a wrap-up email. I will also include a very short questionnaire about your experience. If you have the time, I will greatly appreciate the feedback.

Thank you so much for everything!

Happy Mother's Day to all of you! Everyone is a Mother in one form or another and I bow my head in appreciation for each of you!

Great blessings & respect,

Much Love,
Terri
